

TERRAPULSE

Boosts soil life

TerraLife

Fungi and bacteria that provide conversion of organic matter into humus through the soil for the plant.

Discover TerraLife: an effective soil improver developed for all crops grown in soil and substrates. TerraLife restores soil life with microorganisms, improves soil structure by converting organic matter into the stable form humus, and makes nutrients available to plants. Optimize soil with TerraLife for a pragmatic approach to sustainable plant growth and promoting healthy crops.

Soil-improver, formerly known as Biovin

Soil Health

Powder

Soil

Plant-based

Organic

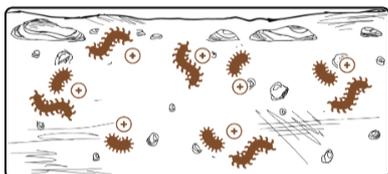

"I didn't know TerraLife could provide such an improvement to my potatoes"

Bert Olieslagers - Potatofarm - The Netherlands

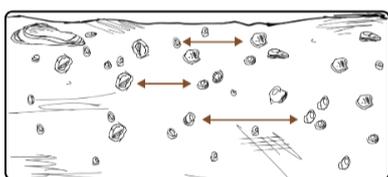

Advantages

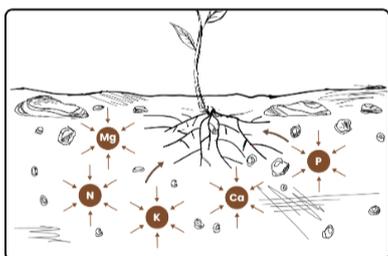

Restores soil life

Restores soil life by adding microorganisms

Creates better soil structure

Creates better soil structure by converting organic matter into humus.

Improves nutrient uptake through humification

By converting organic matter into humus (humification) nutrients become available for the plant.

Packages

20 kg

600 kg

Precautions safe handling and storage*

2 years minimum, must be stored in a dry, frost-free place, away from direct sunlight.

Dosage

Recommended quantities between 200 - 600 kg per ha. Look for specific cultivation advice on the website.

Average composition

For complete dosing advice by crop

TerraLife

Nitrogen (N-total)	2 %	Organic Matter	60 %
Nitrogen (N-org)	1,9 %	pH	6-8
Phosphorus (P ₂ O ₅)	0,5 %	Organic carbon (Corg)	34 %
Potassium (K ₂ O)	2 %	Dry Matter	70 %
Water soluble Potassium oxide (K ₂ O)	0,4 %	Bulk density	530 kg/m ³
		Corg/Ntot	17

As with all organically sourced materials, analysis may vary as much as 15%.

Application rate per hectare

Crop

Application rate per hectare

Fruit trees, Greenhouse vegetables, Vegetables in open field

 400-600 kg

Health and safety information

Not intended for ingestion. Wash hands after use. Wear protective clothing and respiratory protection (fitted with a P3 dust filter) while loading/using this product. In case of an accident or if you feel unwell, consult a doctor. KEEP OUT OF REACH OF CHILDREN. To avoid risks to human health and the environment, please adhere to the recommended instructions for use of this product.
